publicroam

No internet? Text **publicroam** to **+31 970 10 260 261**

WiFi. **How publicroam works**

Sign in once and automatically go online anywhere

There are two ways to sign in:

> **Download the free publicroam app**
This is the easiest way. Your mobile phone or tablet automatically connects to WiFi. After that you can connect other devices.

> **Or sign in without the app**
Get you free account at *publicroam.nl*. You will receive your login details by SMS.

Connect your devices to WiFi:
- Select your WiFi network: **publicroam**
- Enter your **username** (this is 'identity')
- Enter your **password**
  (Get your login details from the SMS or publicroam app).

Additional settings Android or Chromebook	
EAP-Method:	*PEAP*
Verification phase-2:	*MSCHAPv2*
CA-certificate:	*do not validate/standard*
Domain (if asked):	*publicroam.nl*
Anonymous identity:	*leave empty*

Check if the certificate belongs to publicroam and accept it.

From now on you'll go online wherever publicroam is available. Free, secure and easy.
